## EXPERIENCE

### **Applied Systems / Evosure — Austin, TX** *Senior Software Engineer*

NOVEMBER 2014 - PRESENT

*Evosure acquired in September 2015 by Applied Systems.*

**Project Mobius** - Reverse engineered proprietary .NET API Protocol to rebuild our companies flagship PC Desktop Application using GoLang and Angular 4 to provide Web Access for our product.

**AL3 RLE Processor** - Developed custom AL3 RLE file parser using GoLang to scrape millions of commercial insurance policy records.

**Industry Classification API FTS** - Developed Full Text Search API across several industry classification systems. Feature was well received and rolled out to other teams at Applied as a public API.

**Market Appetite / Evosure Platform** - Senior Engineer on a 3 man product development team. Developed APIs and UIs using GoLang, Ruby, Angular, TypeScript, and JavaScript all on the AWS platform. *AWS Lambda conversion in progress.*

### **General Assembly — Austin, TX** *Part-time JavaScript Instructor*

JUNE 2016 - AUGUST 2016

Instructor for a 10 week class of 8 junior JavaScript developers. Very proud to have helped several students gain FT engineering jobs..

### **SportsLabs — Boulder, CO** *Senior Software Engineer*

November 2012 - AUGUST 2014

**Campus Insiders** - Technical Lead over campusinsiders.com, a sport live video and news publication. Worked collaboratively with Product and Business teams to ensure valuable features were delivered on time.

**SLICS CMS**- Technical Lead over our internal data management tool.

### **Crispin Porter + Bogusky — Boulder, CO** *Tech Lead*

JULY 2010 - NOVEMBER 2012

Worked on several projects across different brands including American Express, Applebees, Vail Resorts and MDC Partners.

## SKILLS

Leadership, Mentoring, Agile,  
GoLang, JavaScript, Ruby,  
PHP, Postgres, AWS,  
HTML/CSS

## TESTIMONIALS

*“Brian was an exceptional teacher. He routinely adjusted his teaching style and course format to our needs and interests. Brian is one of the most impressive teachers of a tech subject I've encountered (and I've had a few teachers). I signed up for this course because someone recommended Brian.”*

## PROJECTS

Project Mobius  
Evosure/IVANS Market Appetite  
SLICS - SportsLabs Information CMS  
CampusInsiders.com  
American Express  
OPENForum  
Vail EpicMix

## EDUCATION

**TCU Horned Frogs '08**  
Fort Worth, TX  
*B.S. Computer Information Tech. Minor Business*
